

TIQG CHALLENGE FOR 2025

WE'RE ALL ARTISTS!!

The theme for this year's challenge is "We're All Artists!" because as quilters we all too often don't recognize our truly creative skills or acknowledge our artistic abilities.

You are to choose a Canadian female artist and use her work to inspire your quilted masterpiece. You might use the colours in a painting as the palette for your quilt, or the overall style or subject matter to inspire your design. Below is a list of notable Canadian female artists, many of whom most of us are not familiar with. This is an opportunity to learn about some amazing women in our country's history as well as try something new and stretch your horizons.

The finished quilted items are to be presented at the June 2025 meeting and all participants will be entered in a prize draw. Please consider giving it a try and have some extra fun this year!!
